When and why is the clinic moving?

This June, the Sexual Health Clinic is moving from the main RUH site to the Riverside Health Centre in central Bath.

The clinic will share the Riverside premises with other healthcare providers. It will be integrated with the Contraception and Sexual Health Service (CaSH) already based there.

Until the move in June, both services will continue to operate as now. Patients should continue to attend the most appropriate place for their needs.

The move to the Riverside will allow us to provide one joined-up sexual health service.

Please be assured that you will continue to be seen and treated by the same team, to the same high standard, in a confidential setting. Only the location will change.

Relocating the service to the Riverside Health Centre forms part of the Trust's overall Estates Redevelopment plan, as the RUH works to transform its Combe Park site and further improve services and patient experience.
