

Come and meet the Care Co-ordinators Rachael and Kim

We can help signpost patients/carers to local support services in the area.

Thursday 3rd October from 9:30 -12:00 in reception

ELM HAYES SURGERY PAULTON

IS YOUR LIVER AT RISK?

Do you have Type 2 diabetes?

A previous diagnosis of 'fatty' liver/NAFLD?

Do you have a BMI of over 30?

Previous or current viral hepatitis?

Do you drink over 30 units of alcohol a week?

If you have one or more of these, did you know you could be at a higher risk of liver disease?

Join Ann from our pharmacy team for a morning of information on Thursday 3rd October 2024 10am – 11.30am.
