1	01.03.2016	Compiled all existing policies into and handbook
2	07.08.2019	Extracted all policies. Updated zero tolerance to include removal from practice list.

ZERO TOLERANCE PRACTICE POLICY

INTRODUCTION

The Practice takes it very seriously if a member of staff is treated in an abusive or violent way.

The Practice supports the government's '**Zero Tolerance**' campaign for Health Service Staff. This states that GPs and their staff have a right to care for others without fear of being attacked or abused. To successfully provide these services a mutual respect between all the staff and patients has to be in place.

Our Practice staff aim to be polite, helpful, and sensitive to all patients' individual needs and circumstances. They would respectfully remind patients that very often staff could be confronted with a multitude of varying and sometimes difficult tasks and situations, all at the same time. The staff understand that ill patients do not always act in a reasonable manner and will take this into consideration when trying to deal with a misunderstanding or complaint.

However, aggressive behaviour, be it violent or abusive, will not be tolerated and may result in you being removed from the Practice list and, in extreme cases, the Police being contacted.

In order for the practice to maintain good relations with their patients the practice would like to ask all its patients to read and take note of the occasional types of behaviour that would be found unacceptable:

- Aggressively using bad language or swearing at practice staff
- Leaning over the reception desk or otherwise invading the staff members personal space in a threatening way
- Any physical violence towards any member of the Primary Health Care Team or other patients, such as pushing or shoving
- Verbal abuse towards the staff in any form including verbally insulting the staff
- Racial abuse and sexual harassment will not be tolerated within this practice
- Persistent or unrealistic demands that cause stress to staff will not be accepted. Requests will be met wherever possible and explanations given when they cannot
- Causing damage/stealing from the Practice's premises, staff or patients
- Obtaining drugs and/or medical services fraudulently
- **We ask patients and visitors to treat your GPs and their staff courteously at all times.**

The Legal Position

As a responsible employer, the Practice has a duty as a provider of NHS healthcare to protect the health, safety and welfare of staff under the Health & Safety at Work Act. This includes a risk assessment of violence towards staff and taking steps to mitigate this under the Management of Health and Safety at Work Regulations 1999.

Staff members who are victims of violent conduct or assault have the right to sue their employers for compensation if the risk of violence could have been reduced or removed completely, but the employers did not act upon this information.

Examples of security issues:

- Security of grounds and car parking
- Security of premises – incl. storage, “out of hours”
- CCTV
- Cash and staff - storing, handling and transferring
- Security Systems
- Security of equipment – medical devices, computers
- Communication of national security alerts
- Information records
- Contingency planning.
- Security of employees
- Staff working on their own
- (Staff can be lone workers when making domiciliary visits or within a hospital department e.g. out of hours)

This list is not exhaustive.

For example a lone working risk assessment must provide the lone worker full knowledge of the hazards and risks to which he or she is being exposed and what they must need to do will something go wrong. Other responsible persons must know the whereabouts of lone workers and what they are doing;

Violence at Work

The practice acknowledges that there may be instances where violence and / or aggression forms part of a patient’s illness. In these circumstances, the issue will be discussed with the patient and form part of their care planning.

This information will be recorded in the patient’s medical record and flagged to ensure that members of staff are aware. In addition, where deemed necessary, appropriate support will be put in place, e.g. staff members do not see the patient alone.

Definition of Physical and Verbal Abuse and Violence:

Physical and verbal abuse includes:

- Unreasonable and offensive remarks or behaviour / rude gestures / innuendoes with the intent to cause harm, injury or intimidate.
- Sexual and racial harassment
- Threatening behaviour (with or without a weapon)
- Actual physical assault (whether or not it results in actual injury) includes being pushed or shoved as well as being hit, punched or attacked with a weapon, or being intentionally struck with bodily fluids or excrement.
- Attacks on partners, members of staff or the public
- Discrimination of any kind
- Damage to an employee's or employer's property

The Practice supports the Zero Tolerance stance adopted by the NHS.

The HSE (Health and Safety Executive) defines work-related violence as:

"Any incident, in which a person is abused, threatened or assaulted in circumstances relating to their work".

Violence and aggression towards a person may also be defined as:

"A physical contact with another person which may or may not result in pain or injury. The contact is uninvited and is an attempt to cause harm, injury or to intimidate. Non-physical aggression includes the use of language which causes offence or threatens the safety of a member of staff".

Under the Health and Safety at Work Act 1974, the practice will also undertake the following measures to ensure a safe work environment:

- Carry out risk assessments to assess and review the duties of employees, identifying any "at risk" situations and taking appropriate steps to reduce or remove the risk to employees, particularly if they are working alone.
- Assess and review the layout of the premises to reduce the risk to employees where physically possible.
- Assess and review the provision of personal safety equipment, such as alarms.
- Develop surgery policies, procedures and guidelines for dealing with physical and verbal abuse.
- Provide support and counselling for victims, or refer to suitably qualified health professionals.
- Make employees aware of risks and ensure employee involvement in suitable training courses.
- Record any incidents on a Significant Event form and take any remedial action to ensure similar incidents are prevented in future.

REMOVAL FROM THE PRACTICE LIST

The removal of patients from our list is an exceptional and rare event and is a last resort in an impaired patient-practice relationship. We value and respect good patient-doctor relationships based on mutual respect and trust.

When trust has irretrievably broken down, the practice will consider all factors before removing a patient from their list and communicate to them that it is in the patient's best interest that they should find a new practice.

An exception to this is in the case of immediate removal on the grounds of violence e.g. when the Police are involved.

Removing other members of the household

Because of the possible need to visit patients at home, it may be necessary to terminate responsibility for other members of the family or the entire household to ensure the safety of practice staff.

The prospect of visiting patients that is the residence of a relative who is no longer a patient of the practice, or the risk of being regularly confronted by the removed patient, may make it difficult for the practice to continue to look after the whole family. This is more likely where the removed patient has been violent or displayed threatening behaviour, and keeping the other family members could put doctors or their staff at risk.

Zero Tolerance Patient Information

Patients will continually be made aware of the surgery policy. Information is provided in the following ways.

- A copy of the Zero Tolerance policy will be available on the surgery website
- Posters will be displayed (digitally on TV screens or on the display boards)
- A Zero Tolerance statement will appear in the new patient pack
- A message will be recorded on the telephone system to remind patients that verbal abuse will not be tolerated.

Zero Tolerance Poster

Zero Tolerance Posters have been made available from CCGs for use in practices and NHS healthcare providers premises. The poster on the following page can be used and resized in another template or a blank page and displayed in practice.

Letters sent to patients

<Patient Name>
<Patient Address>

<Today's date>

Dear <Patient Name>

I am writing to you about an (alleged) incident / situation * on (DATE XXX) at Elm Hayes Surgery where I understand that the following occurred.....(DESCRIBE INCIDENT)

The practice views this behaviour as unacceptable because.....(REASON).

If you disagree with this decision of what occurred, or there are circumstances that we are unaware of, which you believe would help to explain or excuse what happened, please let us know, preferably in writing, as soon as possible.

If you would like to discuss this matter, please contact us and we will arrange a meeting at a time that is mutually convenient to discuss these concerns.

If you wish, you can be accompanied by a friend or advocate (we can provide you with contact details of an independent advocacy services).

In this practice we have a policy for dealing with situations in which our services are abused. Where there is serious or persistent misbehaviour it can result in the patient being removed from our practice list. Before taking any action we would like to hear from you.

Please remember we are here to help you. All we ask is that our patients act reasonably and are considerate of the demands they make on us.

A copy of this letter will be kept on file.

In certain situations where staff members have felt particularly uncomfortable, they will be asked to record the incident as a Significant Event. Significant Events are discussed with the GP partners. The Management team will then decide the appropriate follow up, e.g. removal from the practice, a warning letter etc.

In exceptional circumstances, if disputes cannot be resolved, the patient may be asked to register elsewhere.

We are here to help you

Our staff have the right to be treated with dignity and respect at all times without the risk of threatening behaviour or violence.

This behaviour will not be tolerated towards staff, and may result in offenders being asked to leave, and could be removed from our patient list.
